Integration with Central Dispatch

Default Port for Auctions Locations

- Add default location for every port we have
- Show an error when creating order

The screenshot shows a web interface titled "Customer zone". Inside a dashed box, there is a message: "From this location your vehicle must go to CA warehouse, Are you sure you want to take this vehicle to NY?". Below this, there are two buttons: "TAKE TO CA" and "TAKE TO NY". To the right of these buttons, a red warning message states: "* taking your car to the warehouse of 'your choice' would be treated as an offsite location and W8 Shipping will not take any responsibility about storages". Below the dashed box is a navigation bar with links: "Auto", "Containers", "Auto for dismantling", "Parts", "Towing charges from Auctions", "Balances", "Payments", "Add new auto", and "Announcements". On the right of the navigation bar is a button that says "UNREAD MESSAGES 1". Below the navigation bar is a form titled "Add new auto" with fields for "Purchase date:" (2020-11-29), "Type:" (Auto), "Year:" (2018), and "Model:" (ARTIDA P35V). A red error message "Please make sure, that you've selected purchase date!" is displayed next to the "Purchase date:" field.

Create Order

- Change "city" to "location"
- Sort location
-

Admin Order For Customers

- Keep the order of the customers
